

**MARCH 15, 2016 ZONING HEARING  
“OTHER BUSINESS”  
COMMISSION DISTRICT 2**

**ITEM OB-010**

**PURPOSE**

To consider a site plan and stipulation amendment for Chicken Coup V RE, LLC regarding rezoning application Z-91 of 2003 (Retail Planning Corporation), for property located on the north side of Delk Road, east of Powers Ferry Road, in Land Lots 925 and 936 of the 17<sup>th</sup> District.

**BACKGROUND**

The subject property was rezoned in 2003 to Neighborhood Retail Commercial (NRC) as part of a small three building development. The applicant seeks to amend the site plan in order to place their Zaxby’s restaurant on the property. The original 2003 site plan showed a restaurant with a drive thru in approximately the same areas. The proposed building would be one-story in height with a brick and clapboard exterior. The parking lot would be modified slightly to fit the applicant’s building. If approved, all previous zoning stipulations not in conflict would remain in effect.

**RECOMMENDATION**

The Board of Commissioners conduct a Public Hearing and consider the proposed site plan and stipulation amendment.

**STAFF COMMENTS**

**Stormwater Management comments:** Subject to addressing Plan Review comments upon submittal of revised plans for Land Disturbance Permit.

**ATTACHMENTS**

Other Business application and stipulations.

 Subject: DELK ROAD REZONING

Owen,

As discussed, I submitted a copy of the alternatives for the Delk Road rezoning to DOT Operations Division for review and direction. Joe Fletcher returned the copies to me today with a recommendation to support the Z.13 alternative.

As shown on Z.13, a developer funded signal will be installed mid-block between the existing signal at Delk Road/Powers Ferry Road and Delk Road/Terrell Mill Road. The signal will serve the proposed development on the north side of Delk Road, and the existing Publix shopping center on the south side of Delk Road. The existing full access drive at the west end of the Publix shopping center will be converted to a right-in/right-out drive. To facilitate the stacking of the traffic exiting the Publix shopping center, the eastern parking aisle will be modified to direct traffic toward the shopping center, where the traffic will U-turn and line-up in the traffic cue at the signal. The signals will be interconnected and programmed to facilitate traffic movement on Delk Road.

Also shown on Z.13, as part of the proposed development, a right-in/right-out drive will be constructed on the east end of the development. This drive will be aligned with the Delk Road/Terrell Mill Road signal to receive straight thru traffic from Terrell Mill Road. No alteration to the existing signal will be required.

The Department is agreeable to supporting Z.13 for the transportation improvements required to mitigate the impacts of the proposed development. We look forward to working with you when you chose to bring this development in for rezoning.

Thanks, DAJ

**RE: Proposed Rezoning on Delk Road in Cobb County, Georgia**

Dear Matt:

As you and I discussed, as part of the proposed development, Retail Planning Corporation is willing to install a six foot (6') black chainlink fence with black slats along the entire northern property line and a portion of the western property line of the property being rezoned, as shown on the attached plan. This proposed fence would be within the bounds of the subject property, and its maintenance will be the responsibility of the owner of the portion of the property that such fence traverses.

I hope that this proposed action satisfies your concerns. Please let me know if you are in agreement with our proposal or if you have any questions or comments.

Sincerely,

Les Lewis
